

Innovative Solutions for Peripheral Neuropathy

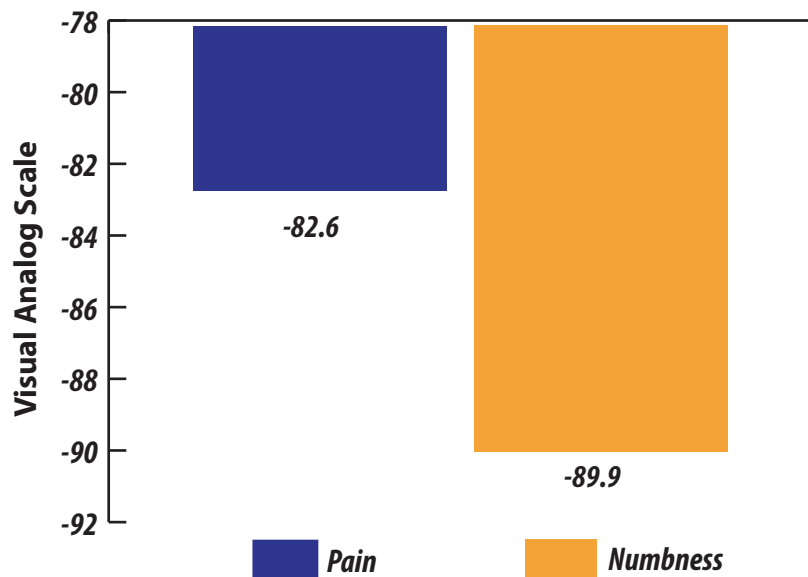

Percura[™]

for the dietary management of pain, inflammation and loss of sensation due to peripheral neuropathy

- ▶ Reduce Pain & Numbness
- ▶ Alternative to Anti-Epileptics
- ▶ No Severe Side Effects
- ▶ Amino Acid Based
- ▶ Generally Recognized as Safe

Improve Clinical Outcomes

Disease changes the way the body metabolizes amino acids and nutrients, which can affect neurotransmitter production and prevent nerve cells from functioning. **Percura** provides the body with the neurotransmitter precursors required to safely and effectively dampen pain signals, limit inflammation and improve blood flow.

Safety Information

Percura is contraindicated in an extremely small number of patients with hypersensitivity to any of the nutritional components of **Percura**.

ADVERSE REACTIONS: Oral supplementation with L-arginine at high doses up to 15 grams daily is generally well tolerated. The most common adverse reactions of higher doses - from 15 to 30 grams daily - are nausea, abdominal cramps, and diarrhea. **Percura** contains less than 1 gram per dose of amino acids however, some patients may experience these symptoms at lower doses. The total combined amount of amino acids in a capsule of **Percura** does not exceed 500mg.

DRUG INTERACTIONS: **Percura** does not directly influence the pharmacokinetics of prescription drugs.

Percura™

The efficacy of *Percura* is driven by a unique ingredient technology that stimulates the production of progenitor cells and neurotransmitters with specific roles in the pain process.

1	Pain Modulators	L-Arginine, L-Glutamine, L-Serine, L-Tyrosine, GABA, L-Lysine, Acetyl-L-Carnitine, Choline Bitartrate, 5-HTP
2	Inflammation Inhibitors	L-Histidine, L-Arginine, Choline Bitartrate
3	Axon Potentiator	Inositol
4	Vasodilator	L-Arginine, L-Ornithine, L-Lysine
5	Neuron Activator	L-Glutamine
6	Progenitor Growth Factor	Creatine
7	Mitochondrial Stimulator	Creatine, Acetyl-L-Carnitine, Glucose

Amino Acids, Biogenic Amines, & Active Ingredients	Medical Food Per Recommended Dose**
L-Ornithine HCL (Produced from plant derived materials)	140 mg
Choline Bitartrate (From natural L(+)-tartaric acid)	70.4 mg
Inositol	70.4 mg
L-Arginine HCL (Produced from plant derived materials)	70.4 mg
L-Glutamine (Produced from plant derived materials)	70.4 mg
L-Histidine (Produced from plant derived materials)	70.4 mg
L-Lysine (Produced from plant derived materials)	70.4 mg
L-Serine (Produced from plant derived materials)	70.4 mg
Griffonia Extract <i>Griffonia Simplicifolia</i> (Seed) (95% 5-htp) (Standardized extract)	70.4 mg
Glucose	70.4 mg
Acetyl-L-Carnitine HCL	35.2 mg
L-Tyrosine (Produced from plant derived materials)	35.2 mg
Creatine Monohydrate (Creapure®)	35.2 mg
Gama Aminobutyric Acid (GABA)	20.4 mg

* Ingredient claims are based on current market availability. Actual claims may vary. Individual results, including those for microbiology, pesticides, and heavy metals including arsenic, cadmium, lead, and mercury are available to practitioners upon request. If you would like to learn more or provide feedback please email help@ptcentral.com

**For the dietary management of pain & inflammation due to peripheral neuropathy. Take two (2) capsules twice daily or as directed by physician.
